### BEAUTIFUL STORE.

Sullivan & Bond's Holiday Offerings Most Artistically Arranged—Helpful Hints to Buyers.

Sullivan & Bond's modern clothing store presents a most pleasing picture since putting on its holiday attire, as much skill and labor has been expended in making the decorations. In a careful and harmonious manner articles suitable for Christmas presents have been arranged in all directions, and offer suggestions that are helpful to persons in a quandry what to buy for the male members of the family or friend.

To attempt to describe the beauty of the store as it now appears would be difficult and it should be visited by all the citizens. In making the decorations evergreen has been used to splendid advantage and besides graceful trees and branches being stationed at various intervals, ropes of cedar are suspended from side to side of the room and from these are suspended handkerchiefs of various hues and colors and other articles.

Along each side of the room are shown umbrellas with fancy and plain handles, newest ideas in shirts, suspenders in abundance, half hose, gloves, fancy vests, night robes, smoking jackets, neckties, of exquisite colorings and shapes and hosts of other articles.

It would be well worth the time for all ladies and gentlemen to pay a visit to Sullivan & Bond's during the holiday season and see the beautiful goods for gift giving.

### WORK MAKES A PAPER.

The following is a sample of the letters received at this office regularly:

North Yakima, Dec. 7, '04.

Editor East Oregonian,

Pendleton, Oregon.

Dear Sir:—Somebody has sent me a copy of your paper today. I never saw it before. It is a peach. I am going over to make a visit to Pendleton one of these Sundays, and sit at your feet for a couple of hours while you tell me how you do it.

Yours truly,

W. W. ROBERTSON,  
Publisher Yakima Republic.

### SEQUEL TO FLOOD.

Fire Results From Baker City Surplus of Water.

A striking sequel to the flood in the store of the Standard Furniture company occurred about last midnight when the entire building narrowly escaped destruction by fire. Night Policeman Herbert Lee in passing the store discovered a small flame in the goods deck. He opened the store and found that the electric drop wires passing through the deck floor had become saturated with water from the flood and the institution destroyed. The naked wires had crossed and the sparks began to eat into the wood. Lee cut the wires, put out the small fire and closed the store.—Baker City Herald.

### The Snake Above Lewiston.

The steamer Mountain Gem returned yesterday from the upper river with a large cargo of wheat and barley. The boat arrived at the mouth of the Grand Ronde early Monday afternoon and returned to Couze creek and received a cargo of 1000 sacks of wheat. At Astoria 400 sacks of barley were received and a number of passengers were picked up at points on the upper river. Passengers arriving from the Grand Ronde section state that the snow is now about eight inches deep in the Paradise and Flora section, but feed is still good on the range and cattle are in good condition.

A large band of sheep has recently been driven from the Grand Ronde section to the Palouse country to be sold for mutton.—Lewiston Tribune.

### Charles Mattson Acquitted.

Shortly after noon the jury in the case of the State vs. Charles Mattson, charged with murder in the first degree, returned a verdict of not guilty, and the defendant was discharged. Mattson's defense was conducted by George H. Bentley and Charles H. Chance. August 7 last, Mattson and others were drinking together in a bar room in Sumpter. Disputes arose as to the nationality of one or two in the crowd, and Mattson and John Anderson, the man who was killed, had several contests. Mattson swore on the stand that he did not recollect hitting Anderson with a chair which caused his death, as claimed. The evidence showed that Anderson threatened Mattson with a knife once or twice during the night.—Baker City Democrat.

### Sliding Mountain Slide.

Sliding mountain, about a mile below Cascade Locks, which has always caused the O. R. & N. so much trouble, has not been heard from for some time. In fact, so much money has been expended on the track at that place and such careful watch kept over it, that it was hoped it would slide out of prominence for good. But about 4 o'clock yesterday it bobbed up—or down—serenely and deposited a covering of good depth and 75 feet in length on the track. A force of men was soon at work and No. 4, eastbound, was delayed but an hour.—The Dalles Chronicle.

### Hay Burned.

William G. Settle, a Slide creek rancher, states that Eugene Thompson, a settler on the north side of the Middle Fork, had his hay, 700 tons, burned a few days ago. It seems rather strange how it got on fire, as Mr. Thompson and family had been at Susanville several days previous, where he is in the employ of the Badger company.—Long Creek Ranger.

### Notice to Stockholders.

The directors of the Helix bank desire the stockholders to meet next Monday at 2 o'clock p. m., at Helix, to discuss plans for a building, etc.  
E. L. SMITH, President.

### PIONEER PARKER.

Came to Oregon in 1846—Lived in Umatilla County 33 Years.

W. D. Parker of St. Johns, Wash., is in town renewing old acquaintances. Mr. Parker can with justice lay claim to being one of the oldest pioneers of the state. He came to the state when a child with his parents. They arrived in French Prairie,

12 miles north of Salem, Ore., in 1846.

In '61 Mr. Parker left the Willamette valley for Eastern Oregon, where he mined, freighted and farmed. In 1873 he came to Umatilla county, settling near Athena. A little over a year ago he moved to St. Johns, Wash.
